We appreciate your interest in the Scholarship Program of Thee Family Inc. Annually, up to two \$1500 scholarships will be awarded. Our goal is to provide two of these scholarships to graduating male seniors from Lindblom Math and Science Academy.

Scholarships are intended to aid students in their post-high school academic activities in preparation for a relevant professional path. This may occur in a college, private or public university, or vocational school.

For consideration by the selection committee in **May 2023**, applications must be submitted to Thee Family Inc. by the close of business on **April 28, 2023**.

Applicants must complete sections 1 and 2 of the application; in addition, all applicants must submit two references from non-relatives who can speak to their character. This may include references to the applicant's extracurricular activities or participation in professional organizations that have contributed to the applicant's development and commitment to the community.

All reference letters and essays must be submitted with the completed application. Applicants may give additional information that may benefit the application process.
